

COMPANY

PROFILE

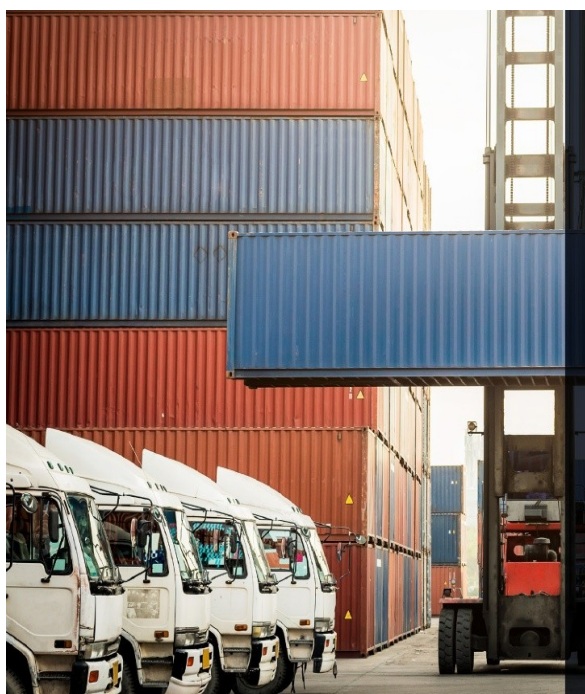

Containers | Freight | Customs | Transport | Warehousing

Fabrication & Specialized Logistics

Reliable. Efficient. Built to Deliver.

Container expertise. Logistics reach.

Modern Containers Kenya Limited is a Nairobi-based container and logistics company serving customers across Kenya and through an international network of agents. We combine container supply with freight, customs, transport and warehousing support to create practical end-to-end solutions.

OUR CORE BUSINESS

- 01 **Container Trading**
- 02 **Freight Forwarding**
- 03 **Customs Agency**
- 04 **Transport**
- 05 **Warehousing**

OUR APPROACH

Practical Solutions

Solutions shaped around the customer's container, cargo, route, storage and delivery requirements.

Integrated Coordination

Freight, customs, warehousing and transport can be coordinated as one connected logistics journey.

Nationwide Support

Container and cargo movement coordinated to customer destinations across Kenya.

One partner across containers and logistics - from enquiry through delivery.

Container Trading

New and second-hand containers for storage, transport and conversion.

We supply brand-new single-trip and quality second-hand shipping containers in multiple sizes and specifications. Our team helps customers choose the right unit based on intended use, preferred condition, site and delivery requirements.

CONTAINER RANGE

10ft GP

20ft GP

40ft GP

40ft High Cube

40ft Low Cube

40ft Reefer

ISO Tanks

PURCHASE + DELIVERY

Source the right unit and get it where you need it.

Containers can be supplied for shipping, secure storage, commercial applications or fabrication. We also coordinate delivery across Kenya, helping customers combine sourcing and transport through one provider.

Freight Forwarding & Customs Agency

International coordination with local support.

Through our network of international agents and logistics partners, we coordinate cargo movement from overseas origins through freight, customs-related processes and onward local logistics.

FREIGHT FORWARDING

Origin to Destination

Cargo collection, freight movement and delivery coordination based on shipment origin, destination and cargo requirements.

Global Agent Network

International shipment coordination supported through the company's network of freight and logistics agents.

CUSTOMS AGENCY

Clearance Coordination

Support with customs-related processes and shipment documentation as cargo moves through the logistics chain.

Connected Local Logistics

Warehousing and onward transportation can be coordinated after clearance where required.

A more connected cargo journey with fewer hand-offs for the customer.

Transport & Warehousing

TRANSPORT

Move containers, machinery and cargo across Kenya.

We coordinate nationwide transportation for shipping containers, general cargo, machinery and out-of-gauge loads. Each movement is planned around dimensions, destination, site access and handling needs.

Container delivery

General cargo

Machinery transport

Out-of-gauge cargo

WAREHOUSING

Flexible storage that supports the wider logistics chain.

Warehousing can bridge the gap between cargo arrival, customs processes, onward transport and final distribution. Storage requirements are coordinated around the cargo type, holding period and next stage of movement.

INTEGRATED FLOW

Freight

Customs

Warehousing

Transport

Delivery

Specialized Solutions

Container Fabrication

Custom conversion of shipping containers into offices, shops, living spaces, farm houses, bars, restaurants and washrooms.

OTHER SPECIALIZED CAPABILITIES

Heavy Lifting

Professional heavy lifting support for suitable container, machinery and industrial handling requirements of up to 50 tons.

Out-of-Gauge Cargo

Transport coordination for oversized or non-standard cargo requiring additional route, equipment or handling planning.

AGRICULTURAL MACHINERY

Second-hand tractors and agricultural machinery.

Modern Containers Kenya Limited is the Kenyan appointed agent for YCC, supporting customers seeking second-hand tractors and agricultural equipment while also providing logistics support for machinery movement.

Why Modern Containers Kenya

Wide Container Range

New and second-hand options across multiple container sizes and types.

Integrated Logistics

Freight, customs, warehousing and transport coordinated around the customer journey.

Nationwide Delivery

Container and cargo transportation arranged to destinations across Kenya.

Specialized Capability

Heavy lifting, fabrication and out-of-gauge cargo support for suitable projects.

Global Agent Network

International freight coordination supported through a network of logistics agents.

Practical Service

Clear communication and solutions shaped around the customer's actual requirements.

HOW WE WORK

A simple path from enquiry to delivery.

1

**Share
requirements**

2

**Tailor the
solution**

3

**Coordinate the
operation**

4

**Deliver &
complete**

Reliable solutions. Coordinated execution. Clear communication.
